

HOMELAND SECURITY

Certificate

The market for homeland security jobs is growing at all levels in the public and private sectors. Earning a Certificate in Homeland Security at Great Bay can provide emergency response professionals the skills and expertise necessary to effectively plan, prepare, and respond for a potential terrorist attack. Students pursuing a Criminal Justice degree may also take the Homeland Security Certificate to enhance their potential employment opportunities.

The program offers a strong academic curriculum taught by faculty with extensive experience in the field of homeland security.

Applicants should be aware that thorough background checks are completed by potential employers prior to obtaining any position with arrest or detention powers, and typically, even before being accepted for an internship.

To be successful in the Homeland Security field, one must demonstrate the emotional stability required to exercise sound judgment, accept direction and guidance from a supervisor. Overall opportunities within Homeland Security will be favorable for individuals who meet psychological, physical, and personal qualifications.
